

Nelaton Catheter

Product Model : **Default Model No**

Category: Medical Equipment, Medical Disposables, Urology,

Summary :

Nelaton Catheter is a high-quality medical device designed for effective urinary catheterization. Manufactured from durable, flexible materials, it ensures smooth insertion and patient comfort. The catheter features a straight, cylindrical design with rounded tip to minimize discomfort and trauma during use. Ideal for short-term catheterization, it is suitable for use in hospitals, clinics, and other medical settings. The Nelaton Catheter is available in various sizes to meet different patient needs and is essential for accurate and reliable urinary drainage.
